## WET PROCESSING SOLUTIONS / WPS

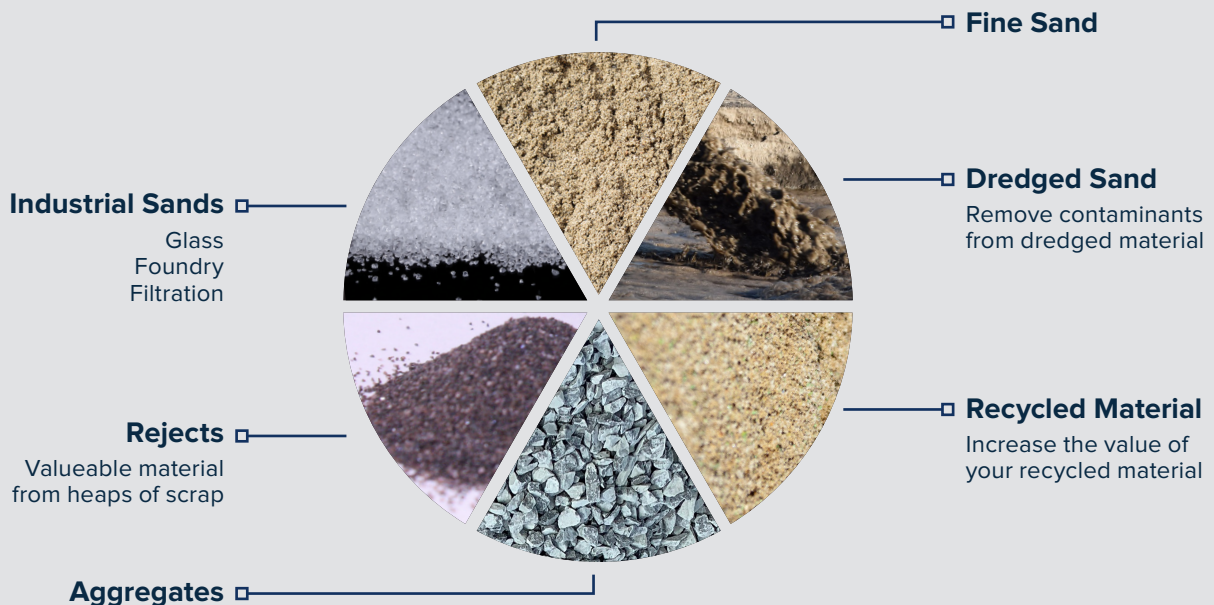

[www.mekaglobal.com](http://www.mekaglobal.com)

MEKA Wet Processing Solutions (WPS) is beyond equipment. MEKA WPS offers you a complete system that is designed to work with:

- Least possible water consumption
- Least wear costs possible
- Least power consumption
- Least amount of valuable material reporting to waste
- Least amount of operator involvement.

A combination of dry and wet processes, carefully adjusted to client needs, monitored and regulated with state of art equipment; produces valuable products from materials previously regarded as low-quality or waste.

### Aggregates and Beyond

With over 3000 running batching plants worldwide, MEKA has extensive know-how on the aggregate requirements of batching plants. MEKA WPS offers a reduction in required cement usage, eases the pumping of concrete and much better surface quality by correctly adjusting the grading of aggregates.

### Fine Material Washers/Sand Screws

Model #	Size	Capacity (mtph)	Type
MFWS0660	Ø 600x6000x1	50	SS
MFWS1010	Ø 1000x10000x1	150	SS
MFWD0880	Ø 800x8000x2	200	DS
MFWS0976	Ø 917x7620x1 (36"x25')	100	US-SS
MFWS1197	Ø 1120x9700x1 (40"x32')	175	US-SS
MFWD0976	Ø 917x7620x2 (36"x25')	200	US-DS
MFWD1197	Ø 1120x9700x2 (40"x32')	350	US-DS

### Coarse Material Screw Washers / Aggregate Conditioners

Model #	Size	Capacity (mtph)	Type
MCWS0954	Ø 928x5450x1 (36"x18')	150	SS
MCWS1163	Ø 1118x6350x1 (44"x20')	200	SS
MCWD0954	Ø 928x5450x2 (36"x18')	300	DS
MCWD1163	Ø 1118x6350x2 (44"x20')	400	DS

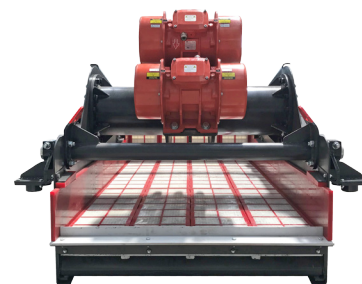

### Bucket Wheel Dewaterers / Sand Buckets

Model #	Size	Capacity (mtph)	Type
MBW60	Ø 2150-1	50	2P
MBW100	Ø 2150-2	100	2P
MBW150	Ø 3000-2	150	2P
MBW100B	Ø 2150-2	100	1P
MBW150B	Ø 3000-2	150	1P

### Compact Sand Plants / Hydrocyclone & Dewatering Plants

Model #	Water Capacity	Capacity (mtph)	Type
MCSP 1-70	200 m3	70	2P
MCSP 1-100	350 m3	100	2P
MCSP 2-150	450 m3	150	2P
MCSP 2-200	600 m3	200	1P
MCSP 2-250	850 m3	250	1P

**Attrition Scrubbers:** Sized and selected upon lab testing

**Rotary Scrubbers/Trommel Screens/Washing Barrels:** Sized and selected upon customer requirements

**Water Treatment Plants:** Sized and selected upon plant parameters and lab tests.
